From: Dr. Paula Compton, Associate Vice Chancellor, Ohio Articulation and Transfer Network

Date: October 6, 2022

Subject: Retirement of the Articulation and Transfer Clearinghouse (ATC) Update

In response to the valuable feedback, we have been receiving from our institutions regarding the retirement of the Articulation and Transfer Clearinghouse (ATC) we will doing the following:

- Institutions are supportive of retiring the ATC; however, they may need more time to make the transition.
Therefore, the deadline will be extended to June 30, 2023, with the hope that institutions will be able to make the transition before that date.
- A small ATC Retirement Implementation Team will be formed to identify specific transition barriers and offer solutions to help with the transition. The Ohio Department of Higher Education will continue to be centrally involved with the transition.
- Work will be done with National Student Clearinghouse and Parchment and an institution of higher education to provide examples as to how the transition can happen.
- The use of PDF Readers will be explored.

Thank you for your continuous dedication to transfer students and your commitment to making the exchange of transcripts an effective system.
